Adventure Today

Some people get by
The ordinary way
Same old, same old
Is good enough, they say
But I need a little more
Just to get me out the door
So what do you say
'Bout some adventure today

Chorus:

Adventure today
Through the forest of fear
Adventure today
Over the treacherous terrain
Adventure today
'Cross mysterious mountain
Adventure today
Along the perilous plain

Don't worry about trouble
There's nothing I can't master
I'm ready for a struggle,
A scrape or disaster
If I see a monster
I just whistle right past her
And when I'm being chased
I can run a lot faster

(Chorus)

Where will we go?
Through the forest of rain
What will we do?
We'll make it a game
What will we see?
Creatures wild and tame

Excitement and action
Bring me fortune and fame

Come along friends
There's exploring to do
Be one of the brave
And try something new
We'll have a great time
Before we're through
So join in together
And be part of the crew

(Chorus: repeat last line)

When the Bed Bug Bites

When my tummy is empty
I get so upset
It starts to tempt me
So it's a sure bet
I'll reach for the closest
Food that I can get

Chorus:
Be careful if you snack
In your bed tonight
Prepare for the attack
That's when the bed bug bites

It's not that I'm malicious
I have a good heart, oh can't you see
But when everything tastes so delicious
What do you expect of me?

(Chorus)

If you don't like nibbles or chewing
On your hands, fingers, or toes
Keep the morsels that lead to wrongdoing
Out of bed when it's time for a doze

(Chorus)
Be careful if you snack in your bed tonight
Better not snack in your bed tonight
That's when the bedbug bites

Hip Hop Hop to You

Chorus:

I'm gonna hip hip hop to you
I'm gonna hip hip hop to you
I'm gonna hip hip hop to you
On this winter's day!

The sky is blue, I can't help singing,
Because I feel so good today,
Do you wanna share the joy I'm bringing?
I'm gonna share it anyway!

(Chorus)

Days like these you can't help grinning
Everyone you pass, is a friendly face
And you feel you're always winning
Everywhere you go, is a happy place

(Chorus)

Can you hear that joyful calling?
It' a world of hope and cheer
Play your part, no more stalling!
No point waiting till next year...

(Chorus)repeat last line

Dearest Dreams

There was a time, not long ago
When all I tried seemed sure to fail
My inner joy just wouldn't flow
My ship of dreams refused to sail

They say a dream is like your inner guide
It tells your heart which way to go
To its commands you must abide
Though your ship gets tossed both to and fro

Chorus:

And no matter how odd this seems
I've learned a fact that's tried n true

If you don't quit on your big dreams
Your dearest dreams won't quit on you

Be brave young dreamers - stay on course
Let not your dreams be lost at sea
For doing so brings much remorse
Just look at what it did to me...

(Chorus) repeat last line

So I leave you with this sage advice
Your dreams exist so they'll come true
These are more than words that just sound nice
They're the wisest words I ever knew

(Chorus) repeat last line

Fabulous Freddy

Chorus:
Here's Freddy
Freddy
He's fabulous
Fabulous
He's wonderful
Wonderful
He's marvelous
Marvelous
He's a super cool dude
He's the craziest cat
And he can bring a good time
At the drop of a hat

Hey there, do you hear that sound?
Here comes the greatest guy in town
From morning, till the sun goes down
He spreads his groovy vibe around

(Chorus)

Oh he's knows which parties to attend
And all the rules that he can bend
It's not some silly fad or trend
Who wouldn't want to be his friend?

(Chorus)

He has a certain kind of flair
He knows exactly what to wear
There's no one else who can compare
Just watch the way he combs his hair

(Chorus)repeat last line

The Funky Ya Ya

Now if you're feelin'
kinda blah-blah
Don't you go cryin'
To your ma-ma
There's no need
For all the drama
Just go and do
The Funky ya-ya

Chorus:
Do the Funky ya-ya
You just bend those knees
Stick your hands up in the air
Pretend you're blowin' in the breeze
Just wiggle, bend and shake
Like you're itchin' 'cause of fleas
There's no rule how you do it
So just do it how you please

So let's do
The funky ya ya
I know you really wanna
You can do it
In your pajamas
While eatin' a banana ya ya

(Chorus)

Do the funky ya ya
I know you really wanna
Do the funky ya ya Oh
Come on do the funky ya ya
Do it in your pajamas
Do the funky ya ya Oh yeah!

A Monster in My Mind

Chorus:

There's a monster in my mind
And he will not go away
Though I do not know his kind
What I know is I'm afraid

Oh I wonder where he might be
Beneath the lake? Behind a tree?
Yes he's out there, you will see
And then like me, you will believe

(Chorus)

Does he scare me? Yes indeed
Should I stay or should I flee?
Though I wish for bravery
I can give no guarantee

(Chorus)

My Moochy Ways

Am I really a moocher?
'Cause it seems so unfair
To accuse me of moochin'
Well that suggests that I can't share
Perhaps I do take
A bit more than what's mine
Well it may seem quite rude
But don't think I'm unkind

Chorus:

It's not that I'm greedy
Though that's how it seems
I just prefer to receive
If you know what I mean

My friends are upset
'Cause they think that I'm grabby
They say I've been selfish
And now they're all crabby

But why must I change?
Am I really that rude?
There must be some way
To lighten their mood

(Chorus)

I don't know what to do
I'm not sure what to say
I know there must be a better way
Please tell me what to do

(Chorus)

Personal Parade

Chorus:

It's time for a parade
A parade just for one
A personal parade
Time to make your own fun

You don't need a big crowd
To clap and cheer
Make your own noise
And the whole world hears
You don't need a band
A drum or a flute
All you need is yourself
Give yourself a salute

(Chorus)

You don't need big float
Banner or balloon
Just march on your feet
And carry a tune
You don't need a costume
Disguise or suit
Just be yourself
It'll be a real hoot

(Chorus)

You don't need the sun
'Cause the rain can be great

Just make it all part of the fun
You create

(Chorus)repeat fade

Giggle Fest

Gigglefest Gigglefest Rah Rah Rah!
Gigglefest Gigglefest Ha Ha Ha!!

Say hee hee hee
And ho ho ho
Say hardee har har
'Cause it's time to go
To The Giggle Fest
Yeah don't you know
It's just once a year
So don't miss the show!

Chorus:

Giggle Fest Giggle Fest
One two three! (Oh Oh)
Giggle Fest Giggle Fest
Tee hee hee! (Oh Oh)
Giggle Fest Giggle Fest
Rah rah rah!
Giggle Fest Giggle Fest
Ha ha ha!(Hey!)

You'll chuckle out loud
And you'll laugh with glee
You'll holler and shout
And you'll slap your knee
It's The Giggle Fest
Won't you come with me
There's no sillier show
And it's all for free!

Chorus 2:

Giggle Fest Giggle Fest
One two three! (Hey!)
Giggle Fest Giggle Fest
Tee hee hee! (Ho!)
Giggle Fest Giggle Fest

Rah rah rah!
Giggle Fest Giggle Fest
Ha ha ha!(Ha Ha Ha!)

So come my friends
From far and near
You'll have a fun time
Grinning ear to ear
But don't be late
For if you are I fear
You'll have to wait
'Til we return next year! (Hey!)
(Chorus) repeat

You Can Do It!

You might be down
But I'm beside you
No matter what
You'll find a way through
When times are tough
You must get tougher
Why run away?
When you can pursue

Chorus:
You can do it! If you believe it!
You can do it! Don't give in
You can do it! Just give it a shot
You can do it! I know you can win!

Don't be discouraged
By your mistakes
They're just small tests
You have what it takes!
So keep moving on
And things will get better
I know you can do it
This storm can be weathered

(Chorus)

To win in the end
We all have to stumble

So brush yourself off
When you take a tumble
Know you have friends
Who can help you succeed
Believe in yourself
You have all that you need

(Chorus) repeat

Loving Mother (Rock Version)

Chorus:

You didn't care if I was the strongest
Didn't care if I was the best
You didn't care if I was the brightest
Or, if I stood out from the rest
You loved me for just one reason
But it was better than any other
You loved me because I was your child
And you were a loving mother

And you were always there for me
When I needed a helping hand
You always cared for me
The only one who'd understand

(Chorus)

You taught me to follow my dreams
You said "follow your heart"

You told me to never give up
To believe in myself from the start
(Chorus) repeat last line

It's a Good Day

It's a beautiful day
So what will you do?
Can't find the answer?
Don't have clue?
Here are my suggestions
You might want to try a few

It's a good day
To be outside
A good day
To go for a ride
A good day
To enjoy the sun
A good day
To play and run

Chorus:
Oh It's a good day
A good day
A good day
Oh It's a good day
I'm singin' good day
good day
Oh yeah
It's a good day

Oh it's a good day
To sleep in the shade
A good day
To drink lemonade
A good day
To laugh and smile
A good day
To dress with style

(Chorus)

It's a good day
To give and share
A good day
To show that you care
A good day
To help a friend
A good day
To make believe or pretend

(Chorus) repeat last line
